2018 has been a special year for the global Sport for All Movement and for TAFISA. On its first year of implementation since it was adopted by the TAFISA General Assembly in Seoul, Korea, on November 16, 2017, TAFISA Mission 2030 “For a Better World Through Sport for All” received tremendous support from high-level decision-makers and stakeholders and organisations representing 54 countries worldwide. People are increasingly aware of the importance of Sport for All and physical activity, and this extends to mayors, stakeholders, organisations and other policymakers. Throughout the year, we have worked hard and designed programmes and events that help put Sport for All on the agenda across all continents, further developing regional alliances and coalitions, especially in Africa, Latin America and Oceania. Several millions of participants have joined the TAFISA World Challenge Day 2018. We have pursued advocacy and training for local communities to foster an active lifestyle through the TAFISA CLCs.

Furthermore, we are involved in several Sport for All projects co-funded by the European Commission, and our collaboration with global organisations and partners such as WHO, UNESCO and NIKE, Inc. has strengthened.

We are intent to follow in the steps of last year’s successes and develop 2019 to be a milestone year for the global Sport for All Movement, shaped by the 1st TAFISA World Martial Arts Festival in Ulyanovsk, Russia and the 26th TAFISA World Congress in Tokyo, Japan. Join us in our journey for a Better World. Together, we are stronger!

Prof Ju-Ho Chang
TAFISA President

As the leading International Sport for All Association, TAFISA strives to raise awareness of the benefits of Sport for All and physical activity.

While the world is facing an unprecedented epidemic of physical inactivity, which threatens our future and that of the next generations, TAFISA endeavours to reintroduce physical activity into everyday life in order to bring joy, health, social interaction, integration and development to communities and citizens around the globe, through the promotion of Sport for All.

Our Vision: For a Better World Through Sport for All
Our Mission: To Lead the Global Sport for All Movement

HORST SEEHOFER
Federal Minister of the Interior, Building and Community, Germany

“In Germany, as in many other countries around the world, sport plays an extremely important role, and rightly so!

Taking part in sport is not just an attractive leisure-time activity; it also enhances health and general well-being. Furthermore, sport promotes values such as respect, loyalty, team spirit and fair play. It connects people across cultural, social, religious and language barriers, helping to foster identification with a group and encourage a feeling of community. International competitions provide an opportunity for everyone to experience how sport promotes solidarity and tolerance between different cultures.

The Federal Ministry of the Interior, Building and Community is primarily responsible for top-level sport in Germany. But the relationship between top-level sport and sport for all is mutually beneficial: Sport for all prepares the ground for the development of top athletes. The more attractive the framework conditions of sport for all, the more likely it is to produce top-level athletes who serve as role models for young people in particular. Top-level athletes need space and support in order to develop their potential in a targeted way.

Of course sport for all also requires support, since it depends on active participants and spectators, supporters and coaches who are the lifeblood of sport clubs. I have the greatest respect for the numerous volunteers who put their often scarce free time at the service of the community. Sport for all crucially depends on these people. In my capacity as minister responsible for sport, I attach particular importance to sporting events such as the Gymnaestrada, the biggest worldwide festival of gymnastics, and the International German Gymnastics Festival. These events provide a showcase where athletes and volunteers can reap the fruits of their labours.

The Association for International Sport for All (TAFISA) is the global institution working in 175 countries and at the international level to promote sport for all. Each year, it organizes events in almost every continent that promote the idea of sports and thus contribute to international understanding. TAFISA advocates for people all over the world and provides them with access to sports. I wish TAFISA continued success in carrying out its mission to make the world a more peaceful place by fostering the values of sport.”
JORGE CASIMIRO  
Chief Social & Community Impact Officer  
NIKE, Inc.

“The Sport for All Movement is tackling the physical inactivity crisis. With a network of more than 300 members across 170 countries, TAFISA has the reach and ability to inspire people to get moving. TAFISA has integrated and promoted the Designed to Move Framework for Action – which helped inform Made to Play, NIKE’s commitment to getting kids active. I look forward to seeing how TAFISA members continue to inspire kids to move around the world.”

STANLEY MUTOYA  
CEO  
AUSC Region 5

“The smart partnership with a Global giant like TAFISA serves to endorse the credibility and trajectory of the AUSC Region 5 in the area of sports development and investment in human capital, specifically in physical activity and women empowerment. A healthy lifestyle among the 177 million citizens of this Region easily translates to socio-economic dividends which contributes immensely towards upliftment of the standard of living within all the participating Member Countries.”

TIBOR NAVRACSICS  
Commissioner Education, Culture, Youth and Sport European Commission

“We have to broaden the scope and the appeal of Sport for All. It's a fundamental element of social cohesion and social intervention as well. Sport is a very powerful vehicle for social inclusion. We can overcome all the social difficulties with and through sport. This is my vision, to make Sport for All really for all.”

MASATOSHI ITO  
President  
Organising Committee 26th TAFISA World Congress 2019, Tokyo, Japan

“The 26th TAFISA World Congress Tokyo 2019 will provide an opportunity for people from all over the world to gather together based on the Sport for All principle to share and create ideas aimed at the realisation of a “Lifelong Sport Society” enabling people to enjoy sport in their everyday throughout their entire lifetime through discussion and the presentation of case studies.”
TAFISA Mission 2030

TAFISA Mission 2030: “For a Better World Through Sport for All” is the guiding document for a global strategy to fight the worldwide physical inactivity epidemic.

Today, our people and our world face challenges and threats on a diverse scale never seen before - from climate change to civil unrest, non-communicable diseases, isolation, oppression, poverty, terrorism and the threat of nuclear war. These are not problems unique to any one demographic, geography, belief system or political status. These are global problems, faced by all of us; our friends, our neighbours, our families, our children. Without immediate and effective change, generations to come will not enjoy the world as we have done. The world they will live in will be a lesser world than ours. This is not only not fair, but unacceptable... and preventable.

TAFISA Mission 2030 provides a foundation for action and growth of the Sport for All and physical activity Movement to create a better world between now and 2030. TAFISA Mission 2030 was adopted by the TAFISA General Assembly in Seoul, Korea, on November 16, 2017.

Support the Mission

TAFISA Mission 2030 has received explicit support from national and international organisations in 54 countries worldwide, sending a strong message to global decision-makers about the importance of Sport for All in solving the world’s global problems.

TAFISA implores all its members, stakeholders, partners and friends to stand up for Sport for All, and grassroots sports, and adopt the Mission as a framework and guidelines for action. It is time we all take notice, take responsibility and take action, and, through Sport for All, commit to creating a better world for the next generation.

Next Steps

TAFISA is developing a set of resources to maximise the contribution of Sport for All for each of the 12 themes of Mission 2030, providing good practices, resources and experience-sharing opportunities to support all decision-makers, leaders, stakeholders, organisations and individuals who want to contribute to the change. This will kick-start the strategy to work together towards a better world by 2030, which will be announced during the 26th TAFISA World Congress in Tokyo, Japan, on November 13-17, 2019.

TAFISA - The Association For International Sport for All
Under the leadership of TAFISA Vice-President Leonard Thadeo and Board Member Solly Reikeletseng, TAFISA and the African Union Sport Council Region 5 (AUSC Region 5) have signed an agreement to strengthen cooperation, develop the Sport for All and physical activity Movement and build on focus areas such as gender equality, capacity development and Traditional Sports and Games in all ten countries in Region 5. All ministers formally approved the initiative. This will materialise through an inaugural 12-month project in 2019, featuring three core components:

- **Advocacy**: Streamlining the inclusion of Sport for All and physical activity as part of the policies, strategies and processes of AUSC Region 5 and its member countries (Ministries of Sport and National Sport Councils/Commissions). Each AUSC Region 5 country will nominate a Sport for All referent.
- **Education**: Sport managers from the ten Region 5 countries will be trained to develop and lead the Sport for All Movement including gender empowerment through the Women Leadership Programme (WLP).
- **Promotion**: Organise an African World Walking Day in all ten countries.

This partnership will be coordinated under the leadership of AUSC Region 5 CEO Stanley Mutoya, located in the Ministry of Youth Empowerment, Sports and Culture Development in Gaborone, Botswana.

The planned partnership kick-off event, “Women Leadership Mentorship in Sport for All” seminar, is supported by UNESCO and the Foundation for Sport and Development and Peace and will be held in Johannesburg, South Africa on March 20-23, 2019. This event will empower young female leaders to step-up and contribute to the development of the Sport for All Movement in their respective countries.

In 2018 TAFISA participated in two workshops aimed at understanding the needs and possibilities of organisations in the Americas, as well as to identify and build strategies and alliances to develop the Sport for All Movement across the continent.

The first workshop took place on October 24 within the frame of the Cubamotricidad conference organised by the Cuban Institute of Sport, Physical Activity and Recreation (INDER) in La Habana, Cuba. TAFISA President, Board Members and staff gave a Master Lecture alongside the Ministry of Sport of Cuba on the concept of Sport for All and its current situation in Latin America. The workshop gathered 30 participants from 10 Latin American countries who discussed their realities and exchanged experiences and knowledge on how to increase participation in sport and physical activity within their communities.

The second workshop took place on October 30 in Miami, USA, and provided the first opportunity for TAFISA and PANAM Sports to discuss potential projects and cooperative actions to shape the Sport for All Movement from a continental perspective. Representatives from 12 National Olympic Committees, the Caribbean Association of National Olympic Committees (CANOC), and Central American and Caribbean Sports Organisation (CACSO), together with the Pan American Sports Organization (Panam Sports) Secretary General Ivar Sisniega, TAFISA Vice-President for the Americas Catherine Forde and ISCA Vice-President Maria Luiza Souza Dias, shared their experiences in the sporting field and deliberated regarding potential next steps of the American Alliance for Sport for All to strengthen physical activity and sport participation in the region.

Following a survey conducted by TAFISA on the situation of Sport for All organisations in the Americas, the two workshops will guide the way for TAFISA to further support the growth of the Sport for All Movement across the American continent, with the cooperation of its regional members and partners.

15th ASFAA Congress Held in Hong Kong, China

The 15th ASFAA Congress held on June 22-24 in Hong Kong, China, gathered over 200 participants from 20 countries across the Asian continent. Fronted by the Sport Federation and Olympic Committee of Hong Kong, China, the Congress invited speakers from Asia and other continents to discuss topics such as Sport for All, Active Cities, Olympism and Legacy, within the scope of the Congress’s theme “Achieving Sport for All through Olympic Education”.

TAFISA President Joins National Sport for All Development Seminar in Kuala Lumpur

TAFISA President Prof Dr Ju-ho Chang was invited as a speaker to the National Sport for All Development Seminar in Kuala Lumpur, Malaysia, on January 18, 2018. A joint initiative between the Ministry of Sports of Malaysia and the Malaysian Sport for All Council (MASFA), the seminar aimed to bring stakeholders from both the public and the private sectors together to realise the importance of Physical Activity and Active Lifestyle, support the National Sports Policy, draw inspiration from international programmes promoting physical activity and develop a set of recommendations from stakeholders on how Sport for All and physical activity can be further promoted and encouraged in Malaysia.

During his visit, coordinated by MASFA’s Deputy President Dato’ Sarjit Singh Sekhon, TAFISA President Chang was welcomed at the Olympic Council of Malaysia (OCM) and met with OCM Secretary General Dato’ Low Beng Choo.

TAFISA Strengthens Ties with the Pacific Islands

The support of the Sport for All Movement in the Pacific was set as a priority for TAFISA in 2018 with the nomination of Wendy Gillett, former CEO of TAFISA National Member the Bluearth Foundation, as TAFISA Special Advisor for Oceania. Along with TAFISA Junior Director Jean-Francois Laurent, Ms Gillett joined the General Assemblies of the Oceania National Olympic Committees (ONOC), Olympic Sport Federations of Oceania (OSFO) and Pacific Games Council (PCG – with whom the signing of a Memorandum of Understanding has been agreed), held on 12 – 17 June 2018 in Apia, Samoa – strengthening TAFISA’s understanding of the challenges and needs of the region. Meetings were also held with the UNESCO Oceania Office, Pacific Sport Compass and Pacific Sports Partnership, as well numerous Oceanian NOCs.

TAFISA extends its gratitude to Dr Robin Mitchell and Dennis Miller, President and Executive Director of ONOC, Chet Gray, Secretary General of OSFO, as well as Andrew Minogue, Executive Director of PCG, for their warm welcome and openness.

In 2021, for the first time, a TAFISA Vice-President for Oceania will be elected by the General Assembly.
The EWoS Reaches out to the Balkans

For the first time in 2018, the European Week of Sport opened its doors to the Western Balkans and eastern partnerships. On invitation from EU Commissioner Tibor Navracsics, this constituted an opportunity for TAFISA Secretary General Wolfgang Baumann to join the Launch of the week and a conference as a panellist in Belgrade, Serbia, on September 27.

2nd TAFISA Europe Conference Held in Heerenveen, Netherlands

The 2nd TAFISA Europe Conference was organised by the Knowledge Centre for Sport Netherlands within the 1st TAFISA European Sport for All Games (see p. 17) and held in the Posthuis Theatre of Heerenveen, Netherlands. Led by TAFISA Europe Co-Chairs Peter Barendse and Malgorzata Szukalska-Wrona, the Conference welcomed over 100 participants from all over Europe on August 7, 2018.

The Conference featured impulse speeches on the theme “A Lifelong Play and Sport for All”, innovative formats with the "Big Five" Knowledge Safari organised in partnership with the Knowledge Centre for Sport Netherlands and Sport Fryslân and an official signing ceremony for the Heerenveen Statement on the recognition of Traditional Sports and Games as Intangible Cultural Heritage.

During the Closing Ceremony for the 1st TAFISA European Sport for All Games and 2nd TAFISA Europe Conference, TAFISA Vice President - Europe, Peter Barendse, presented the TAFISA Friends for Life Award to three individuals for their outstanding contribution to TAFISA and the global Sport for All Movement:

- Anne Jochum de Vries (Sport Fryslân, Director)
- Erik Linselink (NOC*NSF, Manager Corporate Affairs)
- Immie Jonkmann (Leeuwarden-Fryslân 2018 European Capital of Culture)

EVERYDAY.

In our development projects we take care of fundamental goals: empowerment of girls and women towards gender equality. Together with our partners in Kosovo and around the world we promote equal access to sports and physical activity.
The Global Active City (GAC) programme, co-led by TAFISA and Evaleo with the support of the IOC, culminated in 2018. The world’s first Global Active Cities were certified and received the GAC label during the IOC Olympism in Action Forum (October 5-6) as part of the Youth Olympic Games in Buenos Aires, Argentina.

The road to receiving the GAC label led cities to prioritise physical activity as a solution in their work, and to adopt a management system as well as Sport for All and physical activity strategies for their population, ultimately and successfully passing an independent audit certifying their work and the steps that they have taken to make their citizens more active, healthy and happy.

This success calls for others as TAFISA and Evaleo multiplied interventions worldwide in 2018 including:

- The organisation of a Global Active City Introductory Workshop on 7th – 9th March in Liverpool, UK, with the participation of the cities of Athens (Greece), Hamburg (Germany), Antwerp (Belgium), Kuopio (Finland), Loulé and Quimaraes (Portugal), Yverdon-les-Bains (Switzerland), the Japan Sports Council, Madeira Sport for All Association and Chinese organisation M-Cloud Sports,

- Various presentations at world-class events including the Olympism in Action Forum and the World Leisure Congress (organised by TAFISA Member SESC SP in Sao Paulo, Brazil, from 28th August – 1st September),

- The organisation, in partnership with TAFISA Board Member Liu Guoyong’s All-China Sports Federation and Chinese General Sport Administration, of the first China Global Active City Forum, on 22nd – 24th November, 2018, in Suzhou, China, which was attended by 30 Chinese cities.

More events are planned in 2019 and the programme is open to any interested city around the world. More information about the Global Active City programme is available at http://activewellbeing.org/.

The TAFISA World Challenge Day 2018 took place on May 30, gathering around 38 million participants across 4 continents.

Every year on the last Wednesday of May, the international competition challenges similar-sized communities from all around the world to motivate the highest number of people to participate in at least 15 minutes of physical activity during a single day. The response from communities this year was fantastic, with a variety of activities taking place for all ages and fitness levels.

As well as paired rivalries, all communities were entered in the TAFISA World Challenge Day Cup. The percentage of population that each community motivated to participate in 15 minutes of physical activity was recorded and the results of the TAFISA World Challenge Day Cup are as follows:

38 MILLION PARTICIPANTS

4 CONTINENTS
TAFISA World Walking Day 2018

The TAFISA World Walking Day 2018 was a mammoth success which incorporated tens of thousands of participants from all around the world. During the last week of September and on the first weekend of October, over 300,000 participants walked together in family-friendly events involving people of all ages and levels of abilities. Events were staged in various countries and continents, including Russia, Egypt, Hungary, India, Bulgaria, Turks and Caicos Islands, Slovakia and Serbia, among others.

339,373 PARTICIPANTS
350 EVENTS
The 1st TAFISA European Sport for All Games commenced on August 2 in the region of Fryslân, Netherlands, and invited hundreds of participants from all over Europe to introduce and present their country’s Traditional Sports and Games to thousands of spectators.

The event was launched as part of Leeuwarden Fryslân European Capital of Culture 2018 and throughout the week many traditional games were introduced in cities such as Sneek, Grou, Leeuwarden, Harlingen, Heerenveen, Witmarsum, Grijpskerk, and Franeker among others. Games’ guests, of all ages and ability levels, were invited to learn about and try out sports and games as eclectic as cheese rolling from Italy, Fierljeppen from Fryslân, Pyrogue from French Polynesia and Highland Games from Scotland. The Games concluded on August 7 with the 2nd TAFISA Europe Conference.

Congratulations to the Organising Committee, Sport Fryslân, NOC*NSF, Leeuwarden-Fryslân 2018 European Capital of Culture, Knowledge Centre for Sport Netherlands, the European Union and the many volunteers who hosted, organised, facilitated and powered the event.
TAFISA & IOC Partnership

TAFISA is proud to be recognised by - and work in close cooperation with - the International Olympic Committee. This long-standing partnership (since 2010) led both parties to sign a 4-year agreement in 2017 including the following activities for 2018:

1. Organisation of TAFISA Certified Leadership Courses across the world (see p.14 for more details).

2. Leadership, in partnership with Evaleo, of the Global Active City project (see p.13 for more information).

3. Coordination of a research project on Sport for All and physical activity participation within the Olympic Movement. For this project, TAFISA implemented a desktop research and surveys of Sport for All policies, programmes and events led by all National Olympic Committees, International Federations and present and future Olympic Cities. Interesting practices were identified and will lead, in 2019, in the drafting of a report that will support the IOC in its Sport Participation Strategy.

TAFISA’s strong partnership with the IOC is also documented by the renewed appointment of TAFISA Secretary General Wolfgang Baumann in the IOC Sport and Active Society Commission. Congratulations are extended to its Chair, Dr Sam Ramsamy, who after many years of inspiring leadership and support to TAFISA has retired from his position.

The Sport for All and Olympic families continuously exchange with each other and, in 2018, more than 50 National Olympic Committees are accounted as TAFISA members.

TAFISA thanks the IOC for its ongoing support.
International Working Group on Women & Sport

The successful partnership between TAFISA and the International Working Group on Women and Sport’s Chair 2014 – 2018 in Botswana peaked in 2018 with the active role that TAFISA took in the 7th IWG World Conference on Women and Sport in Gaborone, Botswana, 17 – 20 May.

Following a journey that started in 2015 with the signing of a Memorandum of Understanding between the two entities, the joint organisation of a TAFISA Certified Leadership Course in Gaborone, Botswana, in 2017, and the participation of IWG in the TAFISA Congresses, TAFISA acted as a strategic partner of the 7th IWG World Conference.

Under the main theme “Determine the Future – Be Part of the Change”, the Conference featured various plenary sessions including the first session on the sub-theme “Being Well to Play Well” where TAFISA Secretary General was given the opportunity to present TAFISA Mission 2030 to an audience of over 1400 participants.

“Mission 2030: For a Better World through Sport for All” was also the title of a side event that TAFISA organised as part of the Conference, where the speakers – TAFISA Secretary General Wolfgang Baumann, TAFISA Vice-President Catherine Forde (Trinidad and Tobago), Sasakawa Sports Foundation’s Tomohiko Yoshida (Japan), Foundation for Sport and Development and Peace’s Prof Marion Keim Lees (South Africa) and TAFISA Junior Director Jean-Francois Laurent - discussed how to work together to increase women’s and girls’ participation in Sport for All and physical activity.

The 7th IWG World Conference was chosen by the TAFISA Board of Directors to hold its biannual meeting, hosted by TAFISA Board Member Solly Reikeletseng and the Botswana National Sports Commission.

TAFISA thanks IWG’s Co-Chair Ruth Maphorisa and Secretary General Game Mothibi for their friendship and partnership, and look forward to continuing this successful story with the new Chair in New Zealand.

We aim to help improve people’s lives where our equipment is installed. playfit® equipment allows safe, comprehensive training options for all age groups. An easy and effective way to improve circulation, agility, strength and coordination. From beginners and those who practice sports for recreation to professional athletes, playfit® has an individual training programme for everyone. The equipment helps you to keep fit and healthy in pleasant surroundings, making the most of every moment outdoors. We have a wealth of experience to offer and are always on hand to advise and provide assistance to our customers.”

TAFISA’s work and goals reflect our own objectives here at playfit®. A strong partnership between playfit® and TAFISA strengthens the foundation for more effective promotion of popular sports both in Europe and worldwide. TAFISA’s network, programmes and events are the perfect complement to playfit®’s equipment and together they can be used to promote the global “sport for all” initiative.

A Closer Collaboration with UNESCO

TAFISA is recognised as a “NGO in official partnership with UNESCO” and this special partnership continued to materialise in 2018 with a focus on Traditional Sports and Games and capacity-building.

Recognised by UNESCO as Intangible Cultural Heritage, Traditional Sports and Games constitute a priority of UNESCO’s Kazan Action Plan and International Charter of Physical Education and Sport. TAFISA is a member of the UNESCO Ad-Hoc Advisory Committee whose mandates are to draft guidelines on TSG (working group 1), establish an International TSG Platform (working group 2) and develop an online TSG Encyclopedia (working group 3). TAFISA Secretary General Wolfgang Baumann, chair of working group 2, contributed to the development of the International TSG Platform and attended the 4th Collective Consultation on the Safeguarding and Promotion of Traditional Sports and Games that took place on August 13 – 14, 2018, in Istanbul, Turkey, and was preceded by the “Turkic Games 2019” held on August 12 in Erzurum, Turkey.

As an organisation in official partnership with UNESCO, TAFISA is eligible to apply to UNESCO’s participation programme. Considering this, TAFISA was selected to organise the “Women Leadership Mentorship Through Sport for All” Seminar, aiming to empower young female leaders in the Sport for All Movement in their countries, in partnership with the African Union Sport Council Region 5 in 2019 (see more information p.7).

A member of the Permanent Consultative Council (PCC) of the UNESCO Intergovernmental Committee for Physical Education and Sport (CIGEPS), TAFISA also joined its annual meeting on April 26 – 27, 2018 in Paris, France.
Erasmus+ Projects

**PACTE: PROMOTING ACTIVE CITIES THROUGHOUT EUROPE**

**Project lead:**
Sport and Citizenship (FR)

**Period:**
January 2018 - December 2020

**Partners:**
- International Council for Sport, Science and Physical Education (EU)
- European Physical Education Association (EU)
- Associazione Nazionale Comuni Italiani (IT)
- European Federation for Company Sport (EU)
- European Cyclists Federation (EU)
- City of Liverpool (UK)
- Baltic Region Healthy Cities Association (Reg)
- TAFISA (Int)

**Budget:**
€395,077,00

PACTE aims to sensitise municipalities Europe-wide, on the crucial role they can play promoting physical activity. Following a European survey on physical activity policies at municipal level in Europe, the partners (led by TAFISA) are now developing an online toolkit to support municipalities in taking steps for the happiness and well-being of their citizens. The toolkit will enable cities to design their “Active City action plan” and self-evaluate themselves, along with recommendations, case studies and good practices.

**KEEP YOUNGSTERS INVOLVED**

**Project lead:**
Knowledge Centre for Sport (NL)

**Period:**
January 2017 - June 2019

**Partners:**
- Portuguese Institute of Sport and Youth (PT)
- University of Limerick (IE)
- Catholic University of Leuven (BE)
- LIKES Research Centre for Physical Activity and Health (FI)
- Royal Dutch Swimming Federation (NL)
- National Research Institute of Romania (RO)
- TAFISA (Int)

**Budget:**
€357,034,10

Keep Youngsters Involved aims to find answers to the question: “How can we prevent youngsters (12-19 years old) from dropout from sport?” In many European countries, a lot of youngsters give up sport due to a lack of motivation, problems with school schedule or conflicting interests. The project targets youngsters in general and specifically those from lower socio-economic backgrounds. The outcomes of the project which are applicable to sports clubs all over Europe will be presented during the project’s final conference in 2019.

FAIR: FORUM FOR ANTI-DOPING IN RECREATIONAL SPORT 2

Project lead: EuropeActive (EU)

Period: January 2017 - December 2019

Partners:
- Leeds Beckett University (UK)
- Anti-Doping Authority of the Netherlands (NL)
- Cyprus Anti-Doping Authority (CY)
- Aarhus University (DK)
- Sapienza University of Roma (IT)
- The Enterprise Federation of Norway (NO)
- TAFISA (Int)

Budget: € 317,600.00

FAIR is based on the insights provided by the Study on Doping Prevention in Recreational Sport, January 2015. The project is reviewing the existing interventions on doping in recreational sport and food/supplements for sportspeople, and raising awareness of doping issues among stakeholders. It also aims to develop a Europe-wide network to assess good practices, develop new methods and provide a basis for future policy development and a long-term common approach in the prevention of doping in recreational sport.

ADVICE: ANTI-DOPING VALUES IN COACH EDUCATION

Project lead: University of Hull (UK)

Period: January 2017 - December 2019

Partners:
- Anti Doping Denmark (DK)
- French Anti-Doping Agency (FR)
- Austrian Anti-Doping Agency (AT)
- Spanish Agency for the protection of Health in Sports (ES)
- KEA Fair Play Code Hellas (GR)
- TAFISA (Int)

Budget: € 390,022.77

ADVICE aims to create a mobile application designed to reduce the prevalence of doping among young athletes in grassroots sports. Doping also happens at the grassroots level and this may be due to a lack of awareness of what constitutes banned substances, a lack of testing within grassroots sport, and athletes at this level having little comprehension of the dangers that banned substances pose to one’s health. The project involves organisations with expertise in doping, coach education, pedagogy, psychology, policy, and behaviour change.

**PRIME: PARTICIPATION, RECREATION AND INCLUSION THROUGH MARTIAL ARTS EDUCATION**

**Project lead:**
International Council of Sport Science and Physical Education (Int)

**Period:**
January 2017 - December 2018

**Partners:**
- Hayashi Karatecenter e.V. (DE)
- Ikkaido (UK)
- Wadokai Karatedo Shin-gi-tai Italia (IT)
- International Taekwon-do Federation (Int)
- International Council for Coaching Excellence (Int)
- Institute of Technology Tralee (IE)
- TAFISA (Int)

**Budget:**
€ 343,593,92

PRIME successfully developed a high-quality coaching framework to support the promotion of healthy martial arts participation among people with disabilities in Europe. Martial Arts are an unusually diverse and adaptable group of movement and sport forms, offering popular contexts for engaging and supporting the healthy development of people with disabilities. This Practical Guide for Coaches (available on the PRIME website in English, French, Italian and German) is written within the context of the European Qualifications Framework (EQF) and similar international standards like the European Sport Coaching Framework.

**INSport: SPORT INCLUSION FOR FULL PARTICIPATION IN SPORT BY PEOPLE WITH DISABILITIES**

**Project lead:**
APCAS - Association of Cerebral Palsy of Almada Seixal (PR)

**Period:**
January 2018 - June 2020

**Partners:**
- European Paralympic Committee (EU)
- UNESCO Chair "Transforming The Lives Of People With Disabilities, Their Families And Communities Through Physical Education, Sport, Recreation And Fitness" IT Tralee (IE)
- Portuguese Institute of Sport and Youth (PT)
- Knowledge Centre for Sport (NL)
- TAFISA (Int)

**Budget:**
€ 286,630,00

InSport aims to develop a European model for the inclusion in sport of people with disabilities, based on a survey of existing best national practices and the greatest barriers to inclusion in EU member states. Once the survey has been carried out and the model is developed, a public web-based platform will be designed to provide knowledge and resources on best practices to fully include people with disabilities in sport. InSport is also aiming to establish a monitoring of the inclusion-rate of people with disabilities in sport across the EU.
**BEACTIVE BEACH GAMES**

Project lead:
Latvian Sports Federations Council (LV)

Period:
January 2019 – June 2020

Partners:
- ISCA (Int)
- Portuguese Institute of Sport and Youth (PT)
- Lithuanian Federation of Sports Federations (LT)
- Estonian Beach Sport Federation (EE)
- Union of Catalan Sport Federations (ES)
- National Democratic Organisation for Social Action (IT)
- TAFISA (Int)

Budget:
€ 362,555,00

The BeActive Beach Games aim to promote physical activities on the “beach” (including sand or rock beaches by the sea but also other terrains such as grass next to lakes, rivers, etc.) and through the development and testing of a new organisation format that fosters the participation of different segments of population, inclusion through sport, social and health values learning and intercultural exchange and cooperation. They are inclusive and involve families with children, youngsters, adults and senior citizens from various socio-economic backgrounds, citizens with disabilities, and vulnerable minorities.

**SFORAE: SPORT FOR ALL AND THE ENVIRONMENT**

Project lead:
Foundation for Recovery Alluminium Packaging RECAL (PL)

Period:
January 2018 - June 2019

Partners:
- Czech Association for Sport for All (CZ)
- Slovak Sport for All Association (SK)
- Hungarian Leisure Sport Association (HU)
- Przemyski Runners Club (PL)
- TAFISA (Int)

Budget:
€ 60,000,00

The idea of SforAE is to raise awareness of the benefits of implementing ecological behaviour in Sport for All. Its purpose is environmental education related to sport and the promotion of sport in a safe and clean environment, which has led to the publication of “Green Guidelines - How to conduct a sustainable sport event” (available on the SforAE website). The main task is also to inform that physical activity keeps humanity in a good and healthy form and extends the life of individuals. TAFISA contributes to the project as an external expert.

Working Group on Model Indicators on Sport and the Sustainable Development Goals (SDGs)
TAFISA attended the inaugural meeting of the Open Ended Working Group on Model Indicators on Sport and the Sustainable Development Goals (SDGs) on 13th September 2018 at the Commonwealth Secretariat Headquarters in London. The Open Ended Working Group supports the delivery of Action 2 of the Kazan Action Plan, which was adopted at MINEPS VI on 15 July 2017, and is focused on “developing common indicators for measuring the contribution of physical education, physical activity and sport to prioritised SDGs and targets”.

Host City Conference
TAFISA attended the Host City Conference in Glasgow, Scotland on November 20-21. The Conference gathers cities and organisers and license-owners of sports, cultural and business events.
1st TAFISA World Martial Arts Festival, Ulyanovsk, Russia

On 13th – 17th September 2019 the region of Ulyanovsk in Russia will host the 1st TAFISA World Martial Arts Festival. This new TAFISA event aims to share the values and benefits of Martial Arts to make the world a better place.

The Festival will present a minimum of 30 different Martial Arts from all over the world for demonstration, participation, education and play, focusing specifically on performances and master classes rather than competition. The main goal of the Festival is to promote Martial Arts and Sport for All for health and socio-economic benefits as well as to showcase their values, such as peace, friendship, respect, active and healthy lifestyle.

The Festival will be hosted and organised by an independent non-profit organisation “Ulcongress”, the Government of the Ulyanovsk region, the Russian Union of Martial Arts and TAFISA, with the support of the Ministry of Sport of the Russian Federation and the Ministry of Physical Culture and Sport of the Ulyanovsk Region.

The World Congress will provide a platform for the exchange of knowledge and experiences between more than 600 delegates from over 100 countries, who will gather in an interactive and open environment to discuss, debate and design the best pathway towards a better world through Sport for All.

Hosted by TAFISA Japan, the Congress will be held in the Toshi Center Hotel Tokyo located in central Tokyo in the vicinity of the Imperial Palace.

For the first time in history, TAFISA will join forces with another world leading organisation – the World Union of Olympic Cities. Congress participants will therefore benefit from a special programme on November 14, 2019.

Following the launch of the TAFISA Mission 2030, the global Sport for All Movement strives to maximise the contribution of Sport for All on the road to achieving a better world by 2030.

Congress theme:
Sport for All Through Tradition and Innovation.

Congress sub-themes:
• Happy Aging: How Sport for All benefits the elderly by improving health and also social integration by combatting isolation and loneliness.
• Made to Play: Through play, we build physical literacy, learn to be creative and independent, and develop physical and emotional strength.
• Design your Policy: A well-designed policy has the power to implement a positive, sustainable change and leave a lasting legacy.
• Building Communities: Sport for All builds bridges, fostering mutual understanding and bringing people together within society.
• Impact through Innovation: How innovations can disrupt the current habits and set new trends to shape a more active lifestyle.

TAFISA Awards

TAFISA recognises that the growth of the global Sport for All Movement, over the last half century would not have been possible without significant contributions from individuals and organisations across the globe.

To honour those individuals and organisations, TAFISA established its Awards Scheme celebrating the organisations and individuals who have made a positive and substantial difference in the global Sport for All world.

Recently the Jürgen Palm Award, TAFISA’s most prestigious award, was presented to the following people for their exceptional contribution to the growth of the international Sport for All Movement:

- Ban Ki-moon, former UN Secretary General
- Dr. Sam Ramsamy, Chair of the IOC Sport and Active Society Commission
- Tibor Navracsics, European Commissioner for Education, Culture, Youth and Sport

During his acceptance speech, Commissioner Navracsics shared “The nicest surprise in my experience as Commissioner was to see how committed and positive the sport family was”. Commissioner Navracsics commented “I am honoured to receive the TAFISA Jürgen Palm Award! I am proud of the progress we have made in promoting sport & physical activity in our communities & encouraging more people from all backgrounds to be active.”

All TAFISA Members are welcome to nominate potential awardees for the TAFISA Sustainability Awards, celebrating best practices in Sport for All. The next awarding ceremony will be during the 26th TAFISA World Congress 2019 in Tokyo, Japan.
